PROFESSIONAL EXPERIENCE

Full Stack Web Developer

December 2023 – Present

Upwork (Freelance)

Islamabad, Pakistan

- Designed and developed 15+ custom websites from scratch, including portfolios, e-commerce platforms, and booking systems, achieving 95% client satisfaction rate
- Converted 10+ Figma designs into pixel-perfect, responsive HTML/CSS websites with cross-browser compatibility
- Built and maintained full-stack applications using MERN stack (MongoDB, Express.js, React.js, Node.js) with focus on scalability and performance
- Implemented RESTful APIs and integrated third-party services to enhance website functionality and user experience
- Optimized website loading speeds by 40% through code refactoring, image optimization, and efficient database queries
- Collaborated with international clients across different time zones, managing project timelines and delivering within budget constraints

Web Developer

May 2023 – March 2024

Fiverr (Freelance)

Islamabad, Pakistan

- Developed responsive WordPress websites with custom themes and plugins for small to medium-sized businesses
- Created e-commerce solutions using WooCommerce, integrating payment gateways and inventory management systems
- Maintained and enhanced existing websites by debugging issues, implementing new features, and improving UI/UX
- Provided technical support and training to clients on content management and website maintenance
- Achieved top-rated seller status through consistent delivery of high-quality work and excellent client communication
